

# Mother Jones Chicago Statue Campaign

Many people deserve to be honored in bronze. Not all of them are rich, well-born men. There are hardly any statues of historical women in Chicago. Let's erect a statue of this iconic Irish immigrant refugee, the mother of the working class.

- ✓ The government of Ireland funded a starter grant for this project. We need to raise a total of \$200,000. Please give as generously as you can. Every dollar counts.
- ✓ We have a site at the old Water Tower. It is an iconic location that will bring millions of visitors. This is an official project collaboration with the City of Chicago.
- ✓ Imagine, "Let's meet at the Mother Jones statue!"
